Shop 12v lto lithium batteries at Sparked Innovations. Authorized dealer with expert car audio support.

HIGH-PERFORMANCE POWER: With its 12-Volt Deep Cycle lithium ion battery delivers an impressive 1000 cranking amps, allowing your engine to start quickly and reliably even in extreme temperatures. With this ...

Built with advanced Lithium Titanium Oxide (LTO) technology, this battery delivers exceptional cycle life, rapid charging capabilities, and unmatched durability in extreme conditions.

LTO battery (Li4Ti5O12) is a lithium ion battery with lithium titanate as the anode. It has been widely used because of its high safety, high stability, excellent performance, long cycle life and environment ...

The XS Power PWR-S5 Lithium Titanate Oxide (LTO) Series battery uses a high-power lithium cell, designed for high-burst output (up to 10,000 watts for five seconds) and fast recharge. Great for stock ...

We will assemble the lithium titanate battery (LTO) packs in series or parallels, that can be customized to different shapes, voltage, capacity for making best use of internal mechanical design specifications ...

LTO batteries utilize lithium titanate (Li4Ti5O12) for their anode instead of conventional graphite. This spinel-structured material enables rapid lithium-ion movement during charge and ...

Built for 12V car audio systems, this LTO battery provides rapid power delivery, surge protection, and stable voltage. Ideal for high-current audio setups needing reliability and ultra-fast ...
