Hinertech emerged in the wave of rapid development in the new energy (lithium battery, EV charging station) industry, relying on its high-quality factory resources to expand overseas customers for ...

Certified and Reliable: Compliant with international standards CE, RoHS, and ISO, this product ensures a high level of quality and safety, with a 10-year warranty for added peace of mind.

Does this product support customization? How do you ship the products? What is the warranty for the product? Once receive your question, the supplier will answer you as soon as possible.

1 MWh battery energy storage system is an integrated energy storage device designed. The equipment features energy-saving, small footprint, high energy density, and strong environmental adaptability.

Built using advanced Lithium-Iron Phosphate (LFP) cells, intelligent Battery Management Systems (BMS), and a fully integrated Energy Management System (EMS), our 1 MWh solution provides safe, ...

Every payment you make on Alibaba is secured with strict SSL encryption and PCI DSS data protection protocols. Claim a refund if your order doesn't ship, is missing, or arrives with product issues.

The MEGATRON 1MW Battery Energy Storage System (AC Coupled) is an essential component and a critical supporting technology for smart grid and renewable energy (wind and solar).

It is an one-stop integration system and consist of battery module, PCS, PV controler (MPPT) (optional), control system, fire control system, temperature control system and monitoring system.
