Bluesun provides 500 kwh to 2 mwh energy storage container solutions. Power up your business with reliable energy solutions.

The Nanadu Power 20-foot container combines lithium-ion batteries, thermal management, and AI-driven analytics. One mining company in Australia reported a 50% reduction in diesel ...

Our 20-feet Air-cooled cabinet C& I solar power storage systems go beyond just storing energy - they also provide invaluable data analysis. Our intelligent terminal display gives you access to a ...

Our latest Energy Storage Cabinet is designed for both on-grid and off-grid applications, combining advanced LFP (LiFePO4) battery technology with intelligent EMS protection for maximum ...

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

The company has the most advanced and automated production line, and now has an annual production capacity of 5 GWh of energy storage system and 2.4 million pieces of CCS busbars.

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution cabinets, ...

The products are widely used in household distributed energy storage, industrial and commercial energy storage, flexible transformer area interconnection, photovoltaic storage and diesel systems, etc.
