Within our high-voltage ESS battery systems lies a remarkable 200kwh system voltage, guaranteeing peak performance and efficiency across all your commercial and industrial undertakings.

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

Whether for medium-sized factories, commercial buildings, or microgrid projects on islands and in remote areas, this energy storage system can be flexibly adapted to on-site environments, ...

The StackRack SRBOX-200 is an outdoor-rated, high-voltage modular battery system that consists of up to 14x 14.3 kWh batteries for up to 200kWh battery capacity.

Highly compact, energy efficient 3-phase UPS for data center, facility and industrial applications. To be used with external battery cabinets.

We offer 200 kWh battery energy storage systems to enhance ...

Our 200KWh outdoor cabinet energy storage system features a battery pack system enclosure with triple fire protection. With independent relay protection and battery-level thermal monitoring, you can ...

Our 200kWh energy storage system is designed to meet the energy demanding requirements of commercial and industrial areas.
