The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical unit, increasing the safety of the cabinet for energy storage batteries.

A high-efficiency modular energy storage solution designed for commercial and small industrial applications. This 200kWh C& I storage system provides reliable backup power, supports solar ...

BSLBATT ESS-GRID Cabinet Series is an industrial and commercial energy storage system available in capacities of 200kWh, 215kWh, 225kWh, and 245kWh. It offers peak shaving, energy backup, ...

Battery size can be customized: If your battery cabinet is used in ...

Discover the SRBOX-200, a high-voltage battery storage solution with up to 200 kWh capacity, ideal for energy storage needs in diverse applications.

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, ...

Within our high-voltage ESS battery systems lies a remarkable 200kwh system voltage, guaranteeing peak performance and efficiency across all your commercial and industrial undertakings.

Battery size can be customized: If your battery cabinet is used in ships, short space, we will customize the design of the size of the battery cabinet according to the data you provide.
