Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

It consists of several key components, including a 30KW DEYE high-voltage energy storage inverter, a SunArk 60KWH high-voltage lithium-ion battery pack, and an IP55 outdoor cabinet.

A photovoltaic energy storage system quietly humming on the rooftop. This isn't sci-fi; it's today's reality for smart retail spaces adopting solar+storage solutions.

The 60kWh Batteries with 30kW Hybrid Inverter Commercial Energy Storage features a standard cabinet design, allowing multiple units to be connected in parallel for scalability. It is built with a high ...

The EK indoor photovoltaic energy storage cabinet series is an integrated photovoltaic energy storage device designed for communication base stations, smart cities and other scenarios, providing a ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

We can provide users with full-scenario lithium battery systems, and provide customized lithium battery solutions to high-end users. Click the link below to download technical documents. ScandPoint ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...
