Chinese battery giant CATL and Masdar, the UAE's flagship renewable energy company, have announced a landmark partnership to develop the world's largest solar and battery energy ...

Abu Dhabi's renewable energy champion Masdar has begun construction on what it calls the world's largest and most advanced solar-plus-storage project, a groundbreaking development ...

Masdar Clean Energy is a leading developer and operator of utility-scale renewable energy projects, community grid projects, and energy services consultancy.

Masdar-EWEC project combining solar and batteries to provide "round-the-clock" renewables unveiled at Abu Dhabi Sustainability Week.

In a remarkable advancement for renewable energy, the United Arab Emirates, under the auspices of His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the UAE, has ...

Abu Dhabi Future Energy Co. (Masdar) and Emirates Water and Electricity Co. (EWEC) have started building a solar-plus-storage project in Abu Dhabi that will deliver 1 GW of continuous...

Valued at approximately AED232 billion (around US\$5.9 billion), this project will integrate 5.2 gigawatts of solar photovoltaic power with a 19-gigawatt-hour battery energy storage system.

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.
