What does advanced power do?

Advanced Power manages low-carbon and renewable energy projects in construction and operation for some of the world's largest institutional and strategic investors. With more than \$3 billion of assets under management and a pipeline of projects in development, Advanced Power maximizes value for its investment partners.

Where is advanced power located?

Advanced Power, with its joint development partner Acestes Ventures, developed 130 MW of distributed generation solar photovoltaic electric-generating facilities in Alberta, Canada. The three projects are located throughout southern Alberta near the towns of Coaldale, Monarch and Vulcan, respectively.

Where can I rent outdoor power equipment?

You can rent the outdoor power equipment you need from your local Home Depot Tool Rental Center. With the right outdoor power equipment from The Home Depot, you'll be powering up your projects in no time. Shop Outdoor Power Equipment and more at The Home Depot. We offer free delivery, in-store and curbside pick-up for most items.

Why do you need outdoor power equipment?

The right outdoor power equipment makes yard work much easier and less time consuming. Whether you need generators to power up your job site, gas lawn mowers or battery lawn mowers for your yard, or electric snow blowers to clear your driveway, we've got lots of outdoor power equipment options.
