What is an outdoor Telecom cabinet enclosure with air conditioner?

The outdoor telecom cabinet enclosure with air conditioner realizes heat absorption and cooling through compression refrigeration, and transfers the heat emitted by the equipment in the cabinet to the outside of the cabinet in a closed environment of the cabinet. Our outdoor Telecom Enclosures are widely used in the area of:

What is a climated controlled outdoor equipment cabinet?

Our floor or pad mount climated controlled outdoor equipment cabinets are ideally suited for Macro Cell Site and Centralized Radio Access Network (CRAN) applications. AZE has developed a line of solutions to assist these deployments with rugged and compact enclosures for today's dynamic cell site needs.

Why should you choose a Cran outdoor equipment cabinet?

Cell site equipment has gotten smaller and more efficient over the years, and movement towards CRAN architecture further reduces the footprint. Our floor or pad mount climated controlled outdoor equipment cabinets are ideally suited for Macro Cell Site and Centralized Radio Access Network (CRAN) applications.
