What is Apollo solar / DG / pure solar?

We provide Power Generation equipment in pure solar and solar / DG hybrid configurations that allow telecommunications companies worldwide deliver cellphone and telecom services in remote regions or challenging locations. Apollo Solar off-grid systems increase reliability and reduce power costs in Pure Solar or Hybrid Solar energy systems.

Who is Apollo power?

Towards becoming the world's leading supplier of flexible solar technologies Apollo Power, the world's largest flexible solar manufacturer since 2014, provides patented, durable solar solutions using unique fully flexible cell technology, with proven success in Automotive, Defense, Awning, and C& I roofing markets.

What is Apollo solar?

Apollo Solar provides charge controllers, inverters, accessories and monitoring for off-grid homes to provide dependable, reliable electric power under all conditions. Apollo products work reliably in all temperature extremes, from freezing cold to burning hot.

What makes Apollo power unique?

At Apollo Power, we specialize in developing flexible, high-efficiency, and robust solar cells that represent a breakthrough in photovoltaic technology. Our core technology drives our innovative solutions and sets us apart in the solar energy industry. Our core technology revolves around our unique flexible solar cells.

Develop and manufacture flexible, high-efficiency, durable, and cost-effective solar cells - pioneering Israel's first and the world's largest flexible solar panel factory, with an annual production potential of ...

We provide innovative, sustainable, and cost-effective solar solutions that help businesses and communities reduce their carbon footprint. Apollo Solar Power is equipped with state-of-the-art ...

At Apollo Power, we specialize in developing flexible, high-efficiency, and robust solar cells that represent a breakthrough in photovoltaic technology. Our core technology drives our innovative ...

Our facilities offer complete solar solutions, from site assessment and tailored system design to maximize energy output, to certified installation and performance testing for safety and efficiency. ...

Apollo Solar manufacturers all the electronic components required for Pure Solar and Hybrid Solar energy systems with alternative input from the Utility Grid or a Generator.
