Can you buy solar panels yourself?

While it is possible for homeowners to buy solar panels themselves, either used or directly from the manufacturer, there are a few reasons to buy them through an installer. Design a custom solar system and compare quotes online. The back way into buying solar panels is buying a house that already has solar panels installed.

How do I buy solar panels?

The most common way homeowners buy solar panels is through local solar companies. Choosing a local installation company over a large solar chain usually means you get better customer service and a lower price when going solar.

Where can I buy a solar panel kit?

Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.). Most solar panel kits are best suited for smaller applications, such as an RV or boat instead of a home.

Are solar panels for sale?

For a full installation, solar installers have "solar panels for sale" around the country. What they really mean is a complete, ready-to-use system on your property. It's always best to compare your options before buying solar panels. You can start for free on the EnergySage Marketplace and compare solar quotes from local, pre-screened installers.

If you plan to buy solar panels, one of the first things to consider is whether you'll purchase them with cash or finance them with a loan. While a cash purchase leads to greater lifetime savings, financing ...
