---

Universal battery cabinets for all three-phase Legrand UPS from 10kVA up to 800kVA power range. The Battery cabinet is designed to house standard VRLA Batteries of capacity range from 24Ah to 105Ah ...

CyberPower 3-Phase Modular UPS Battery Cabinets are designed to accommodate several battery modules and can be configured into tower, side-by-side formations, or easily mounted in a rack.

In the event of an AC power failure, the FirstLine® P UPS will automatically transfer to battery power and continue to provide power without any interruption for the full amount of time you select.

The CyberPower BCT3L9N125 3-Phase Modular UPS Battery Cabinet can hold up to 6 battery modules (BM120V30ATY). These 3-layer units can be configured as stand-alone cabinets, rack mounted, or ...

Modular battery cabinet for extended runtime for UPSs with internal batteries. The cabinet is supplied without batteries, so batteries must be purchased separately.

MODEL NUMBER: S3M15K-NIB On-line UPS supports the continuous availability of critical loads in a compact footprint without compromising runtime, reliability or functionality.

With flexible installation design, the UPS and battery cabinets can be configured into a tower, side-by-side, or integrated within a rack to satisfy various space needs and maximize the use of the data center.

Eaton has a variety of industry leading three-phase UPS solutions that deliver efficiency and scalable battery runtimes while offering a smaller footprint and lower total cost of ownership.
