Solar & Storage Live is Cape Town's largest renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, smarter, more decentralised energy system.

Ever wondered why container-based solar systems are suddenly everywhere from factory rooftops to disaster relief zones? The answer lies in our growing energy paradox.

We engineer and construct customized energy storage container and cabinet solutions according to the specific needs of our clients, ensuring the smooth and reliable operation of the entire system.

e-LEK Energy installed this Commercial Solar and Storage in Capetown. Learn more about our Containerized Solutions.

As South Africa's leading event for renewable energy, battery storage, and clean technology, the exhibition and conference will welcome more than 6,000 attendees, 200 exhibitors, ...

What is HJ mobile solar container?The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium ...

The "Solar & Storage Live Cape Town" is a leading international expo focused on solar PV technologies, energy storage solutions, and related technologies. It is held annually at the Cape ...

The event will showcase the very latest innovations in solar power, energy storage and smart energy systems, providing a vital platform for industry-wide collaboration, learning and deal ...
