Glass - glass shell and aluminium mounting frame provide high durability and stability.

Our Zone 1 & Zone 2 Photovoltaic (PV) Ex mb e, Ex nA and Ex ec mc Solar Panels are ATEX and IECEx certified products. Ex Solar Panels are suitable for hazardous / classified areas.

For applications in hazardous areas, (i.e. LNG, Oil & Gas installations), we offer explosion proof solar modules. Fully certified according latest ATEX and IECEx guidelines.

*AC Solar Power Units are available, with GSM, WiFi and data recording options.

The MSP20Ex solar module is an ATEX classified photovoltaic module for use in isolated systems where no electrical power is available, typically on offshore oil and gas platforms classified as a gas ...

Standard electrical equipment poses a significant ignition risk, and this includes conventional solar power systems. To meet the stringent safety requirements of these volatile sites, specialized, ...

The SM380EX Explosion-Proof Solar Panel (380 W) is a high-efficiency photovoltaic module engineered for hazardous area applications. Designed with ATEX/IECEx compliance, it ensures safe and reliable ...

Are you looking for solar power modules to generate power from the sun? Go to our website to see Orga"s explosion proof solar panels!
