An IP54 server cabinet from Lehmann IT offers excellent protection for your IT equipment against all external influences. In our range, you will find a wide selection of different models - from a simple wall ...

To address these concerns, the battery cabinet has become a critical safety solution. A lithium-ion battery charging cabinet provides both fire-resistant storage and controlled charging ...

An energy storage cabinet pairs batteries, controls, and safety systems into a compact, grid-ready enclosure. For integrators and EPCs, cabinetized ESS shortens on-site work, simplifies compliance, ...

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO4) batteries with scalable capacities, supporting on ...

When unlimited security is not enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

Industrial and outdoor battery cabinets for Ni-Cd and lead-acid batteries. Indoor & IP65 outdoor solutions with thermal control and long service life.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

Vertiv EnergyCore cabinets are optimized for five minutes end-of-life runtime at 263kWb per each compact, 24" wide (600mm) cabinet, and operate across a wide temperature range, making ...
