IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

What are outdoor Telecom cabinets?

Outdoor telecom cabinets are built to withstand harsh environmental conditions. These enclosures protect telecommunication equipment from rain, dust, extreme temperatures, and unauthorized access. They are commonly used in remote locations, such as cell tower sites, roadside installations, and industrial areas.

How much does a small outdoor cabinet cost?

Small outdoor cabinets are often the most affordable option for housing telecommunication equipment. These enclosures are compact and designed to protect essential components in outdoor environments. Prices for small outdoor cabinets typically range from \$500 to \$2,000, depending on the materials and features.

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.

We provide superior outdoor enclosures that are ready for installation. Fill out our registration form or call us at 904-674-2976 to learn more about our products and customization services.
