What is Huijue's home energy storage solution?

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy solution.

What is a Huijue system?

Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy solution. Compact and reliable Huijue systems provide energy independence and efficiency for modern homes.

What is Huijue off-grid solution?

These solutions cover most commercial applications, such as electricity cost management, photovoltaic self-consumption, backup power scenarios, microgrids, and off-grid applications. Huijue Off-Grid Solution integrates photovoltaic, energy storage, and off-grid systems for scalable energy self-sufficiency.

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

Discover Huijue Group's energy storage Project Case for homes, industries, and microgrids. Explore global projects integrating lithium batteries, BMS, and EMS.

The power supply integrates communication functions, supporting 4G/5G/GPRS wireless transmission and networking, with location functions and real-time monitoring capabilities to upload the operating ...

HJ048 Compact Outdoor Integrated DC Power System, assembled by Huijue Group, reaches an IP65 protection level and is suitable for a wide array of network access layer devices. Tied with battery ...

Outdoor Cabinet Energy Storage System offers modular design, wide power range, bi-directional power conversion, grid-support functions, flexible configuration, and PV integration for UPS ...

Thanks to its IP65 enclosure, it supports outdoor installation like wall-mounted installation and pole-mounted installation. It is highly practical with very stable performance. The advanced ...

It supports 2.5kWh battery expansion packs and can support up to 6 power packs, reaching 17.5kWh, to
