Are ISDT smart chargers a good choice for LiPo battery charging?

iSDT Smart Chargers are a high quality preferred choice for LiPo battery charging, along with other battery types!

Which is the cheapest ISDT battery charger?

The ISDT P30 1000W DC Charger capable of charging two batteries at once. The ISDT PD60 is an ultra compact, portable field charger compatible with 60W power. The ISDT Q6 Nano 200W is cheapest ISDT charger to date. It has a new ergonomic design and 8A maximum charging current (200W total).

How much power does ISDT charge?

The iSDT T6 Smart Charger provides 780W of power. Don't be fooled by its small size, it features an innovative and intuitive interface that gives the user access to advanced charging features while remaining simple and easy to use. The new circuit structure and advanced algorithms have increased efficiency and reliability.

What are the features of the ISDT Charger?

The ISDT Charger features up to 8S LiPo balance charging and can operate in a mode where it becomes an adjustable power supply capable of operating in constant current or constant voltage mode. It includes power management protection features such as overload protection, over voltage protection, and over temperature protection.
