Our team of experienced battery engineers will work closely with you to design and manufacture batteries that meet your specific voltage, capacity, and size requirements.

With extensive experience in customization while adhering to automotive quality standards like IATF 16949, we provide tailored solutions while maintaining transparency and openness.

Discover top-quality aluminum and metal custom lithium battery cases. Craft your ideal lithium-ion battery with precision - simply share your requirements for a customized solution.

This project combines high-capacity lithium battery storage, advanced hybrid inverters, and next-generation PERC solar panels to provide clean, reliable, and cost-effective power in a region ...

Our free battery pack designer is here to help you figure out how to make your next pack come to life.

Our multi-protocol BMS provides 3-stage protection (voltage, temperature, current) and allows for real-time monitoring and adjustments. Our team provides free 3D design, custom BMS development, and ...

With smart BMS protection, long cycle life, and flexible OEM/ODM customization, ONESUN provides reliable, safe, and high-efficiency battery systems for electric vehicles, industrial ...

Customizable Power Solutions: This 18650 lithium battery pack offers customised options for various voltage requirements, including 12v, 24v, 36v, 48v, 60v, and 72v, catering to diverse user needs, ...
