Do mobile Bess applications have communication interfaces?

This thesis project, carried out at Northvolt Systems, aims to analyze the existing and readily used communication interfaces for a specific set of mobile BESS applications. The analysis is performed by a literature review of typical mobile BESS applications with the identified corresponding communication interfaces.

What applications can a mobile Bess support?

The project aims to perform a thorough analysis of the various communication interfaces applicable to the applications that a mobile BESS can help support, of which, some typical VMS applications are construction sites, festivals, and EV charging stations.

Why does Bess need a communication Stan-Dard?

However, integration of BESS requires advanced communication systems, which incurs considerable costs. Furthermore, the diverse communication stan-dards for BESS increase integration complexity, leading to inter-operability issues that hinder seamless deployment.

What is a protocol-agnostic interface for Bess?

This framework provides a protocol-agnostic interface for BESS by mapping the data models of IEC 61850-7-420 to protocols such as SunSpec Modbus, IEEE 1815.2, IEEE 2030.5, and custom protocols according to IEEE 1547 standards.

Communication and intelligent networking are key to an efficient Battery Energy Storage Systems (BESS) as they combine components from many different vendors and are themselves part of a ...

A battery energy storage system (BESS), battery storage power station, battery energy grid storage (BEGS) or battery grid storage is a type of energy storage technology that uses a group of batteries ...

The project aims to perform a thorough analysis of the various communication interfaces applicable to the applications that a mobile BESS can help support, of which, some typical VMS applications are ...

The main goal is to support BESS system designers by showing an example design of a low-voltage power distribution and conversion supply for a BESS system and its main components.
