Our portable solar generators are perfect for providing silent, clean, sustainable power to coms, satellite uplinks, computers, and more. Our industry leading solar capabilities provide indefinitely sustainable ...

The PPG cabling is connected to The Mighty Box, delivering instant AC power. The solar electricity generated by The PPG charges the batteries during daylight hours, maintaining optimum battery ...

Discover New Use Energy's silent, rugged, and portable power systems built for the military. Our solar-powered generators offer a decisive advantage by eliminating fuel logistics and ...

With 12,000W of Solar Panels (up to 64kWh per day depending on conditions), it can be paired with ANY of our solar ...

We offer lightweight military-grade man-portable, vehicle, and basing solar solutions that are easy to carry, deploy, and pack.

For battlefield readiness or rugged off-grid living, reliable solar panels matter. This guide reviews five high-performance options that prioritize durability, efficiency, and versatility.

The solar battery is designed for 5 days (120hrs) of autonomy based on average low temperature. All systems are pre-assembled and factory OkS tested in our manufacturing facility.

Our line of solar transportable power units (TMSPDC™; Power AnyWhere Any Time™) provides stand-alone photovoltaic power. These portable units supply AC power just about anywhere the sun shines.
