How much money will be saved by solar panels in Delhi?

On Tuesday, May 20, Environment Minister Manjinder Singh Sirsa made the announcement. People will not have to spend any money from their pocket and will save Rs 4,200 per month, he added. Delhi solar subsidy: In a big relief for Delhiites, the Cabinet has approved Rs 30,000 subsidy for 3 kW solar panels on rooftops.

How a solar panel subsidy works in Delhi?

When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable. In addition to these subsidies, homeowners can take advantage of net metering, a system where surplus energy produced by the solar panels can be sent back to the grid, further reducing energy bills.

How will Delhi government finance solar panels?

Gupta announced the Delhi government was partnering with financial institutions to offer easy loan options for the financing of the remaining installation cost of solar panels up to 3 KW capacity which is approximately Rs 90,000. This will enable residents to install solar panels without any upfront payment, the statement said.

How much subsidy is available for solar in Delhi 2025?

In a major push to mainstream solar energy, the Delhi Government 2025 approved an additional subsidy of INR30,000 -- that's INR10,000 per kW for residential solar installations. This is in addition to the existing central government subsidy of up to INR78,000 under the PM Surya Ghar: Muft Bijli Yojana, bringing the total possible subsidy to INR1.08 lakh.
