Who are the top rated energy storage companies in the world?

Lithium-ion companies have come out as the top-rated suppliers on a new long-duration energy storage (LDES) leaderboard, while CO2 Battery company Energy Dome is the highest non-lithium company. Power firm RWE is about to start building a 400MW/800MWh BESS project in Germany, among the largest in the country to reach the construction stage.

Should you invest in energy storage companies?

Investing in energy storage companies' stock appears to be a lucrative investment. This is largely due to accelerated efforts to decarbonize power markets through battery storage facilities which has resulted in increased demand for renewable energy storage solutions. Electricity cannot itself be stored on any scale.

Is enervervenue a good energy storage company?
