We're converting two shipping containers into an off-grid home! Each unit includes solar power, battery storage, water & septic-ready setup, and modern finishes.

We have seen an immediate reduction in our energy bills and a change in our power consumption patterns since we installed the PVMARS off-grid solar power system.

For SolarCont more than just a pure marketing statement! We offer an optional maintenance contract as a guarantee of functionality and loss of earnings. This option offers comprehensive protection and ...

Delivering 10,000W of rated power output, this rugged pure sine wave hybrid inverter is capable of pairing with either GEL or LI batteries. Dual MPPTs provide 99% efficiency. Provides 120V and 220V ...

Solar can be hosted on buildings that you do not own, and you can receive the economic and environmental benefits of such solar projects (depending on leases and building owner preferences), ...

The eco-friendly escape is powered by solar panels and a wind turbine--and it even includes a full bath.

Our containerised off-grid solar solutions are fully customizable, and our team of experts provides end-to-end support, from site assessment to installation and maintenance.

Now you have the option to go fully off grid with a few other add-ons, directly from Bob's Containers. Off-grid capabilities let you live anywhere, unencumbered by power connections and unaffected by ...
