EcoDirect offers battery boxes, racks and enclosures for off-grid energy storage applications in solar PV systems. These products support the most common battery types.

Durable waterproof sheet metal cabinets for lithium battery and solar storage systems. Customized design, weather protection, CNC cutouts, and fast delivery.

Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications. If you are not sure which enclosure you should choose, please don't hesitate to email ...

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

Optimizing the use of renewable energy: Maximize the use of photovoltaic power during the day, while excess power is stored for use at night. Peak shaving & Valleyfilling: Supply power to the ...

Thanks to the NEMA 3R enclosure, each cabinet can be safely deployed outdoors, protecting internal components from water ingress, corrosion, and dust accumulation. After finalizing ...

Protect and organize up to 8 EG4 rackmount batteries with the BossBox Enclosure. Weatherproof, lockable, and DIY-friendly--ideal for off-grid and hybrid solar setups.
