Our PCB is your solar wire harness manufacturer, with over 15 years of experience building custom harnesses engineered for harsh outdoor conditions and long system lifetimes.

From PV panel strings to solar power inverters, our assemblies deliver long term reliability, secure connectors and clean DC transmission for any solar system. Built to spec, tested to UL standards, ...

Manufacturing high-quality solar cable assemblies for efficiency, durability, and compliance. Trusted by 1,000+ customers worldwide. Custom & pre-configured solutions for all solar needs.

Optimize your solar energy system with our high-quality Photovoltaic Inverter Wiring Harness. Designed for maximum efficiency, this wiring harness ensures seamless connection between your photovoltaic ...

We design and manufacture solar wire harnesses for photovoltaic modules, inverters, convergence boxes, and energy storage systems to meet the stringent requirements of current carrying, ...

JUNDA is a leading Chinese factory specializing in high-quality PV (photovoltaic) harnesses that meet UL/TÜV/IEC standards. We provide reliable B2B solutions for global solar projects with excellent ...

Proven experience supplying solar installers, integrators, and manufacturers with custom PV cable solutions. Our solar cable assemblies meet international photovoltaic industry standards for safety ...

From consulting and design, construction to maintenance, our global team of PV experts will ensure your system is optimally connected for maximum efficiency, safety and profitability.
