Where is Scania manufactured?

With production sites in Europe, South America and one underway in Asia, Scania manufactures and offers sustainable solutions of trucks and buses for heavy transport applications, combined with an extensive product related service offering. Scania is also a leading provider of industrial and marine engines.

Where can I find information about Scania?

Scania provides a wide range of safety solutions to protect drivers, passengers and fellow road users against the dangers of the road. Visit your market website for more detailed information and get in contact with your local sales person. © Copyright Scania 2026 All rights reserved. Scania CV AB (publ), SE-151 87 Södertälje, Sweden.

Is Scania a company?

Scania was listed on the NASDAQ OMX Stockholm stock exchange from 1996 to 2014. The company is a subsidiary of Traton, part of the Volkswagen Group. Scania's logo shows a griffin, from the coat of arms of the province of Scania (Swedish: Skåne).

How does Scania work?

With vehicle connectivity, Scania enables its customers to analyze the performance data of their trucks and buses - for example, to improve fuel consumption and optimize overall logistics. Scania also finances, insures and leases commercial vehicles. This allows customers to concentrate on their core business.
