Solar Panel Works in Seconds: Bright sun = instant fan spin. Face-Level Cooling: Direct airflow right where you need it--your face and forehead. Adjustable Fit: Perfect for men, women, kids--anyone ...

A solar panel hat has integrated small PV (photovoltaic) cells onto its surface, usually on the crown or brim. The cells then absorb the sunlight and convert it into DC (direct current) electricity.

Wearing a hat when you're spending time in the sun is ideal to protect your skin and help keep you cool. But why not go a step further and make the hat capable of charging an iPhone? ...

With a lightweight structure, solar + USB dual charging, and a breathable crown design, this solar powered fan hat is perfect for daily commuting, cycling, and casual outdoor outings -- a favorite ...

A solar fan hat is a sun hat equipped with a small fan powered by a built-in solar panel. When exposed to sunlight, the fan automatically turns on, blowing air toward your face to help you stay cool.

Check out our solar panel hat selection for the very best in unique or custom, handmade pieces from our baseball & trucker caps shops.

Stay powered outdoors with EcoFlow Solar Power Hat featuring foldable sun hat with integrated solar panels USB charging and UPF 50 protection for adventurers.
