How many energy storage projects are in Chile?

Currently, 36 of the 129 large-scale projects Latin America projects with an energy storage component under development are in Chile, including 32 out of 71 of the region's early works projects. The storage technologies either in use or being considered include:

Why is Chile pursuing energy storage in Antofagasta?

Chilean president Gabriel Boric (centre) at the inauguration of an energy storage plant in the northern region of Antofagasta in April 2024. Chile has strong conditions for wind and solar energy, and is pursuing storage to help overcome intermittent supply (Image: Ximena Navarro / Direcci#243;n de Prensa, Presidencia de la Rep#250;blica de Chile)

Where are Chile's battery energy storage facilities located?

Chile's first battery energy storage projects were commissioned in 2009, and all but two of its 16 administrative regions have facilities in operation, under construction or in the planning stage. The greatest installed capacity is found in the northern regions of Antofagasta and Tarapac#225;, the country's solar powerhouses.

Which Chinese companies are building a solar power plant in Chile?

Chinese companies have in recent years built, or announced plans to build, Chile's longest power line, solar plants and wind farms, while in battery storage, solar giant Trina has launched three projects in the country. John Bartlett is a British journalist based in Santiago, Chile, covering economics, politics and culture.

Chile will need new renewable energy storage systems to replace its current backup capacity of coal-fired plants and natural gas-powered combined cycle turbines and improve the ...

The Opportunity and Challenge Chile possesses some of the world's best conditions for solar power generation, particularly in the Atacama Desert, which experiences extraordinarily high ...

HLC Sheet Metal Factory - Chile Energy Storage Cabinet Sheet Metal Processing Manufacturers, Providing Energy Storage Cabinet Shell Processing, Energy Storage Cabinet Design, Energy ...

Santiago, Chile -- October 2025 -- Trina Storage and Atlas Renewable Energy have joined forces to deliver one of the most advanced energy storage systems in Latin America: the ...
