In terms of main products, ZTT's power supply product line covers a wide range from basic power supply units to integrated energy cabinets.

Mini-Telecom Cabinets The Apollo Solar mini-cabinets provide all the electronics needed for smaller systems. Shown on the right: a mini-cabinet for a 500 watt system.

The power system cabinets of KDST allow for various electrical components to be configured flexibly. These components include inverters, DC combiner boxes, disconnect switches, fuses, DC power ...

These systems operate independently of the grid, using solar energy to power telecom cabinets. Their scalability allows you to customize the setup based on specific energy needs and site ...

Huijue HJ-FGY series wind-solar complementary outdoor integrated energy-saving cabinet is an outdoor integrated cabinet made of high-quality metal sheet materials, which can integrate solar photovoltaic ...

They transform solar-sourced DC into AC and store unused energy in high-performance battery packs, providing clean, renewable backup energy to mission-critical telecom equipment.

Whether for remote telecom stations, solar hybrid systems, or industrial automation units, we provide fully assembled cabinets with integrated power, cooling, and control systems for plug-and-play ...

With this solar-powered solution, telecom operators can reduce their reliance on the grid and ensure uninterrupted communication services even in remote areas. This telecom cabinet is equipped with a ...
