What is Sophia Project?

New developments and trends in plastics recyclin... The SOPHIA project aims to increase the current reuse, repair and recycling rates of end-of-life solar panels.

Who coordinates the Sophia project - implementation of Advanced Digital Solutions?

In this context, AIMPLAS, the Plastics Technology Centre, coordinates the SOPHIA project - Implementation of Advanced Digital Solutions to increase the circularity of PV panels throughout the entire value chain.

What is Sophia & how does it work?

SOPHIA is an EU-funded Horizon Europe project that aims to implement advanced digital solutions in end-of-life solar panels, involving the full value chain in order to increase their current reuse, repair and recycling rates. The end goal is to foster a more circular, innovative and competitive Europe. The project will focus on:

How will Sophia impact the solar industry?

panels in the long term, an eco-designed and easy dismantling solar panel will be developed as prototype. It is expected that in the ecodesign practise fully sustainable PV industry. Additionally, SOPHIA will contribute to the generation of new markets around the photovoltaic sector across Europe.

The rest will be recycled using innovative technologies to maximise the separation of their main components (glass, silicon & metals and plastics). Designing panels for easy dismantling: The ...

The "Sophia" project is a practical and functional solution for the support of solar panels for flat roofs, able to accommodate standard PV modules. Sophia has been formulated with a specific compound ...

What is SOPHIA? The SOPHIA project - Implementation of Advanced Digital Solutions to increase the circularity of PV panels throughout the full value chain - is an EU-funded Horizon Europe project that ...

The solar panel parts industry in China is robust, with leading manufacturers like Shenzhen SolarParts and Zhonghao providing a wide array of components essential for solar energy ...

Objective "SOPHIA addresses to the problem of photovoltaic panels End of Life, their management and the society awareness on electronic waste management. The project will ...

Sophia Solar Panel Components Manufacturer
