Who are the top solar companies in South Carolina?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in South Carolina are Olympus Home, Renu Energy Solutions, Solar Energy Partners, CAPE FEAR SOLAR SYSTEMS, LLC, and ESD Solar.

Does solar-estimate have an editorial advisory committee?

Solar-Estimate.org has set up an editorial advisory committee as part of our commitment to the Quality Solar Initiative. Our editorial advisory committee is comprised of full-time Solar-Estimate staff, as well as independent contributors, who are among the most experienced individuals in the solar industry.

How much does solar cost in South Carolina?

The average price per watt of solar power in South Carolina is \$2.44/W. This means the cost for a 12.82 kW system before incentives is \$21,873. After the federal solar tax credit, the final cost drops by 30%. Additionally, many states offer local rebates and incentives that can lower the price further.
