Why should you choose wesgar battery storage cabinets?

Rely on Wesgar to produce first-class battery enclosures and take care of your unique needs. Our quality custom lithium-ion battery storage cabinets are skillfully fabricated leveraging our 250+ team of professionals, leading-edge equipment and robotics, and 55+ years of dedication to best practices on our 4-acre plant in British Columbia.

Where can I buy battery charging cabinets?

Get your battery charging cabinets from the leading fabricator in the Pacific Northwest and Western Canada. Depend on Wesgar to eliminate supply chain delays and deliver quality cabinets--from small to extra-large. Our cabinets are safe, weather and fire-resistant, and designed for indoor and outdoor use.

How much weight can a modular cabinet hold?

Built with reinforced steel frames and powder-coated finishes, these modular cabinets hold up to 400 lbs per drawer and are designed for daily use in harsh industrial environments. Each drawer extends fully, allowing easy access to every item--even those stored in the back.

Can a modular drawer cabinet hold 400 pounds?

Absolutely. Heavy-duty drawer cabinets are rated to hold up to 400 pounds per drawer. Their steel construction and reinforced frames are built to withstand daily industrial use. Yes, modular drawer cabinets can include either metal doors or polycarbonate doors to secure drawers.

With its spacious 22U capacity and 600mm depth, the Linkbasic Battery Cabinet provides ample room to accommodate your battery setup while allowing for easy access and maintenance.

Keep your batteries safe and organized with the help of our indoor and outdoor enclosures. Contact Dowd Battery for more information today!
