The StackRack SRBOX-200 is an outdoor-rated, high-voltage modular battery system that consists of up to 14x 14.3 kWh batteries for up to 200kWh battery capacity.

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's value, ...

Our 200KWh outdoor cabinet energy storage system works with PowerNet outdoor control inverter cabinets for modular expansion. This means you can meet the needs of large-scale applications ...

Within our high-voltage ESS battery systems lies a remarkable 200kwh system voltage, guaranteeing peak performance and efficiency across all your commercial and industrial undertakings.

A high-efficiency modular energy storage solution designed for commercial and small industrial applications. This 200kWh C& I storage system provides reliable backup power, supports solar ...

The Energy Storage Battery is mounted in an outdoor cabinet and includes modules for temperature control, BMS and EMS, smoke sensors, and fire protection. The DC side of the battery is already ...

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, ...

All-in-one Integrated Energy Storage System BSLBATT ESS-GRID Cabinet Series is an industrial and commercial energy storage system available in capacities of 200kWh, 215kWh, 225kWh, and ...
