How many complaints did the FTC make about solar panels?

The FTC released a total of 1,219 complaints in response to CfA's Freedom of Information Act (FOIA) request for complaints pertaining to the sale or leasing of solar panels and their installation on the roofs of customers' homes from 2012 to the present.

Does CFA have a complaint about rooftop solar panels?

Consumer Complaints Last fall, CfA launched an investigation into the issues raised by Public Citizen and NCLC, submitting open records requests in a number of states, as well as to the FTC and CFPB, seeking complaints about the sale or leasing of residential rooftop solar panels.

What should you look out for when choosing a solar panel installation company?

Here are red flags to look out for when selecting a solar panel installation company. Door-to-door sales are innately pushy, and an aggressive salesperson is always a bad sign in business. Door-to-door salespeople are usually trying to make a quick buck and may rush along your decision-making process by making elaborate promises.

The fact sheets warn about sales pitches that say that solar is a government program or that guarantee customers will not have an energy bill.
