Be wary of the fact that Wiktionary gives "roled" word status. It's missing from other online dictionaries, such as Merriam-Webster. At best, I'd say it was an extrapolated word, which is ...

The inverter AC technology not only saves energy but also keeps the room temperature more consistent, reduces noise, and helps the AC last longer by avoiding constant restarting.

Some of the key roles of inverters include: Solar Energy Conversion: Solar panels generate DC electricity. Inverters convert this DC power into AC so that it can be used in homes, ...

In my previous role as a cook at General Cuisine, Inc. I focused on egg-based dishes. The word "at" leaps to mind but I would not blink if someone used "in." The crux of the matter is that ...

What is the difference between job title and job role? For example, from the Google documentation on rich snippets: title -- The person's title (for example, Financial Manager) role -- The perso...

0 role= a function or part performed especially in a particular operation or process We usually say-- play an important role, play a vital role, play a key role, play a prominent role, play a major role etc. role= ...

vs X also plays a role of (job-function). My opinion is that "plays a role as" indicates a greater impact on the role and the company, whereas "plays a role of" is more "does the job". My old ...

DC inverters enable AC systems to consume less energy, especially during partial load conditions. Precise control over motor speeds allows for more stable and consistent temperature ...
