---

Prices for modules continued their climb in May on strong demand and limited supply, while inverter prices edged down. The PV Purchasing Managers' Index held firm as brand ...

May 6, 2025 &#183; April saw nuanced but key price shifts in the European solar market, with module prices rising due to supply constraints, while inverter prices continued to decline.

"How high prices will go," writes industry expert Martin Schachinger, " depends on whether the artificial export restrictions allegedly coordinated by Chinese manufacturers are broadly enforced ...

The diode module that rectify commercial frequencies and high frequency diode modules for freewheel diodes in inverter circuits and for high-speed switching on a surge voltage absorbing circuit. The ...

Solar System and Inverter Retailer Prices are updated on Friday.

The world's leading solar power inverters for all photovoltaic applications at the best price with worldwide delivery.

Every month we publish a current price index on the development of wholesale prices of solar modules. In doing so, we differentiate between the main technologies available on the market.

We help each other out; in consequence prices might be higher than announced in our standard price lists. Place your order now to assure the availability of all inverters and panels when needed.
