Our company offers variety of products which can meet your multifarious demands. We adhere to the management principles of "quality first, customer first and credit-based" since the establishment of ...

The SVOPEs 800 W wind turbine generator provides an outstanding solution for generating renewable energy in various settings, including homes, farms, RVs, and boats.

This set of wind generator blades is made of fiberglass and applicable for 1.5-2 kW wind turbines. It is designed and made to pick up the wind power as much as possible.

Explore the USA's best-selling vertical wind turbine for homes: TESUP Atlas 10KW. Generates 10000W, harnessing wind potential with customizable blades. High efficiency, best price. Discover more today!

Our 12V wind turbine generator kit requires only a minimum wind speed of 2.5m/s to start, with a rated wind speed of 12m/s. To ensure optimal power generation efficiency, it is ...

Brand: Generic Color: 48v Features: Wind Turbine: Our Wind Turbine Blades utilize advanced precision injection molding technology, featuring an optimized aerodynamic shape and structural design. This ...

*Blades using new art of precision injection molding, matched with optimized aerodynamic shape and structure, which enhance the wind energy utilization and annual output. *Body of casting aluminum ...

Buy 300W spiral wind turbine online, it supports 12V or 24V voltage system, rated power is 300W, maximum power can reach 310W. Its high-quality aluminum alloy blades are light and durable, and ...
