We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Explore how SolaraBox's off-grid solar containers provide reliable and sustainable power solutions for remote mining operations, reducing reliance on diesel generators and lowering operational costs.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Discover solar shipping containers with 25-year capacity guarantee, lithium-ion batteries, and CE certification. Ideal for off-grid power.

Explore our range of high-efficiency solar container solutions designed for businesses worldwide. Our containers combine cutting-edge technology with durability and ease of deployment.

Solar Container for Mining cuts energy costs 75% vs diesel. EU-compliant, extreme weather ready. Mining case studies & savings.

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.
