Who is Xinyi energy?

Xinyi Energy, a leading solar farm operator in China, was listed on the Main Board of the Hong Kong Stock Exchange on 28 May 2019 with stock code of 03868.HK. As of 30 June 2025, total capacity operated and managed by the Group has exceed 6.5GW.

What is Xinyi Solar Holdings Limited?

Xinyi Solar Holdings Limited is a company specialized in the manufacture and marketing of solar glass used in photovoltaic panels. It also engages in the engineering and construction of solar power stations. The turnover is divided across the following activities: - solar power services (18.9%).

What is Xinyi Fujian Nanping Songxi photovoltaic project?

The total investment of the project is about 620 million yuan, with an installed capacity of 70MW and an annual power generation of 93.25million kWh, which could save 28,000 tonnes of standard coal every year. Xinyi Fujian Nanping Songxi Photovoltaic Project has an installed capacity of 30MW.

What is Xinyi Xiejiaji project?

The Xinyi Xiejiaji project is the world's first large-scale floating solar farm, which was connected to the grid in March 2016. The total investment of the project is about 620 million yuan, with an installed capacity of 70MW and an annual power generation of 93.25million kWh, which could save 28,000 tonnes of standard coal every year.

The project aims to harness solar energy to generate electricity for the industrial zone, reducing its reliance on grid power and lowering its carbon footprint.

Datang Guizhou Xingyi Solar PV Park is a ground-mounted solar project which is spread over an area of 2,100 acres. The project generates 100,000MWh of electricity.

Understand the full story: Dive deep into the Guizhou Xingyi Solar PV Park report and gain access to vital information such as plant name, technology, capacity, status, plant proponents, ...

The solar farms adopt a power generation mode of "self-generated and self-consumption, and the surplus power is connected to the grid", with an annual power generation of 7.91 million kWh, saving ...

Information on valuation, funding, cap tables, investors, and executives for Xingyi Energy. Use the PitchBook Platform to explore the full profile.

Weighing one-hundredth of traditional solar panels, these PV cells produce 18 times more power per kilogram and are at the forefront of the latest solar panel technology ...

The Xinyi Xiejiaji project is the world's first large-scale floating solar farm project, which was connected to the grid in March 2016, with an installed capacity of 70MW and an annual power generation of ...

In 1H2023, the Group completed the acquisition of a utility-scale solar farm project from Xinyi Solar Holdings Limited ("Xinyi Solar"), which is located in Hainan Province, with an approved capacity of ...
