It is a leading manufacturer of home energy storage batteries, commercial energy storage systems, and battery energy storage systems with integrated solar inverters.

Integrated PV and storage system with super wide PV input voltage; Small footprint and IP54 protecting grade for outdoor installation. Safe & Reliable High-performance battery cell, meet IEC/UL/GB ...

Profitable & Efficient PV-ESS integrated, lower system cost AI dynamic MPPT, boosting power generation by 5% DC coupled solution, higher system efficiency

Smart pv-ess integrated cabinetized fixed type for power grid distribution stations This system is highly suitable for use in microgrids, remote areas, industrial parks, EV charging stations, and residential ...

This report describes briefly the electricity profile in Yemen and digs deeper into eight vital dynamic sectors in Yemen to estimate the technical potential, and assess PV application

The Ener Hexon®; Smart 103P is an integrated energy storage solution that combines 9 air-cooling battery packs, a 50kW hybrid inverter, a BMS, an EMS, an intelligent temperature control system, a ...

Smart temperature control system, system temperature difference $\leq 5^\circ$, battery cycle life increased by 12%. Simple: All-in-one design and modular installation, single cabinet covering an area of ...

We supply advanced batteries and smart inverters, offering full engineering support and post-sale service for solar projects across Yemen and the Gulf.
