---

With extensive experience in large-scale ground stations like agro-PV and aquaculture-PV systems, we've pioneered the 'PV+' system, building projects such as island microgrid systems ...

As a supplier of photovoltaic brackets, Zhongtian Technology's successful commissioning of the project marks the deepening of the cooperation between Zhongtian Technology and Guodian Group, which ...

ZTT's renewable energy industry is playing a leading role in power plant construction, with distributed PV as a feature, Micro-grid technology as the core, key materials as the breakthrough, and large ...

This large-scale coastal PV project is the first of its kind in Nantong, leveraging the combined advantages of resource sharing and dual-industry development.

ZTT can provide consultation, design, system integration, EPC, O& M service etc for different PV system like large and media level grid tied PV plant, small on/off grid PV power system, BIPV etc.

Photovoltaic tracking system, in simple terms, is a bracket that changes angle according to the light conditions, which can reduce the angle between the components and the direct sunlight, ...

Jiangdong, a subsidiary of Jiangsu Zhongtian Technology, was founded in 1995 and specializes in producing power fittings, optical cable fittings, photovoltaic brackets, composite ...

With 80 global subsidiary companies and over 16,000 employees, ZTT is one of the largest advanced manufacturing enterprises in China and is listed among the Top 500 Chinese Enterprises. At ZTT, ...
